A. I did not know they were interred.

Q You simply knew they had been removed?

A They laid side by side and his straw hat laid over his head.

Q Did you see any letters there?, A. I did not.

Q What time did you go there and take them away?

A I got the call at 1:10 and I presume it was 2:00 o'clock when I arrived in New Brunswick.

Q The only thing you did was simply get the permits for the purpose of transferring the bodies to Mr. Hubbard. What his disposition of them was you did not know, and did not know anything about, is that it? A. Yes, sir.

Q You got them at 1:30, where did you take them?

A I got them at 2:00 o'clock in New Brunswick.

Q You got them here in Summit at 1:30, didn't you?

A Oh, no; it was quarter to 3:00 at the time I got back here.

Q Before you went---when you got these bodies physically, you found these bodies lying there, you took them and transported them? A. To Somerville, yes.

Q What time did you get them to Somerville?

Q So that you only had possession of Dr. Hall's body for two hours or two hours and a half?

A Well, I imagine two hours.

Q When you got them there did you notify Mr. Hubbard?

A I got two telephone messages from Mr. Hubbard's establishment, and one official called me up from New Brunswick and asked me when the bodies would be released.

Q Who was the official?

A I don't know, he did not give me his name.

Q How do you know he was an official?

A He told me over the phone.

Q What official? A. City official.

Q Didn't tell you whether he was city clerk, city solicitor, coronor, justice of the peace, or who he was?

A No, sir.

Q Simply that he was a city official and wanted to know what time these bodies would be released? A. Yes, sir.

- Q You told us you got the telephone messages about the bodies, you had the two calls, do you know who you got the telephone messages from? A. Two, I think, came from Mr. Hubbard's establishment, one did I know what time the bodies would be released. I told him I was holding the bodies for the orders of the county physician in case they wanted ~~and~~ an autopsy and I could not, would not dare release the bodies until I got an order to that effect.
- Q When did you get an order to release them?
- A That afternoon I got an order to release Dr. Hall's.
- Q What time? A. I imagine about half past four.
- Q And what time did it arrive in New Brunswick?
- A I didn't take account of that.
- Q What time did the man call for it?
- A I say around half past five or quarter to six.
- Q You got an order at half past four, and between half past five and quarter to six there was a man at your establishment for the body? A. Well, Dr. Long made an examination of the bodies in the meantime.
- Q Where, at your place? A. Yes, sir.
- Q Before he issued the permit? A. Yes, sir; he would not issue the permit that day.
- Q Do you mean they were taken without a permit?
- A Yes, that one was released.
- Q Well, how could you do that, was that lawful?

105,2027 p4

A I got an order.

Q You got a verbal order from him?

A Yes, sir.

Q Then as I understand you, Dr. Long did not give you a written permit, but Saturday afternoon he gave you his verbal authority to remove the body, and acting upon that verbal permission you released the body? A. Yes, sir.

Q Did you see any bullets--did you find any bullets around your establishment? A. Yes, sir; I found one bullet.

Q What did you do with it?

A Took it down that day to Dr. Long, the County Physician.

Q Do you know what kind it was? A. Small bullet.

Q Where did you find it?

A I either gave it to Mr. Totten or Mr. Conklin, who was sheriff at that time.

Q Were any letters there when you got there?

A I did not see any.

Q Did the County Physician come to your establishment on the Sunday following the removal of the bodies from the field and make any incision in any body?
